## TO MEET IN RUSHVILLE

**Ninth Annual Convention of  
the Rathbone Sisters of  
Ninth District.**

**All Day Session Friday at K. of P.  
Hall—Many Visitors Ex-  
pected.**

The Ninth Annual convention of the Rathbone Sisters of the Ninth District will be held in this city on Friday of this week. Ivy Temple is preparing for a big time and many visitors are expected to be present. About 100 delegates and lodge members, it is estimated will be in attendance. Three sessions will be held, one in the forenoon, one in the afternoon and an open meeting at night. The public is cordially invited to attend the open meeting. All of the meetings will be held at the K. of P. Hall. The business meeting and the election of officers will be held in the forenoon at 10:30. In the afternoon the local Temple will have charge of the degree work with four candidates.

Mrs. Taylor, of Delphi, the Grand Chief of the Order will attend. She will be entertained by Mrs. John Brown, who is the District Deputy.

The Ninth District includes Connersville, Liberty, Everton, Brookville, Laurel, Fairfield, Blooming Grove, Batesville, Sunman, Milan, Versailles and Rushville. Delegates will be present from the lodges at those places.

The District officers are as follows: Mrs. Mary A. Brown, D. D. G. C.; Anna Ackerman, Secretary; Laura Trusler, treasurer.

The committees are as follows: Committee on Arrangement—Mrs. Finley, Josie Webb, Mrs. Moore; Committee on Reception—Minnie Lakin, Miss Goodapple, Mrs. Ball; Committee on Registration—Malinda Young, Dora Ferguson, Mrs. Stockinger.

The program for the day is as follows:

**Shocking Tragedy at Fort Wayne.**  
Fort Wayne, Ind., April 26.—John M. Welker, aged twenty-four, a business man of this city, late last night, in a fit of jealous rage, shot his sweet-heart, Minnie Melching, aged twenty-four, who is dying, and after putting a bullet into himself, cut his throat and died in half an hour. The deed was committed in the parlor of the Melching home in a fashionable part of the city.

## LAW BREAKERS COSTLY.

**Indiana Paid Out During the Last  
Year \$1,075,101 to Enforce  
the Law.**

For the dispensation of justice throughout the State in 1904, \$1,075,101.65 was spent, according to figures compiled by Joseph Stubbs, chief of the bureau of statistics. Of this sum the salaries of the judges—circuit, criminal, superior, appellate and supreme—amounted to \$278,890, all of which was paid by the State, and the remainder, \$796,211.65, was paid by the counties for jurors, bailiffs, care for criminals and other court expenses. This total makes an average of \$18,536.25 for each judicial district, or an average of more than \$12,000 to the county.

## THE DERRY CASE IN CIRCUIT COURT

**Jury is Empaneled and Examination of Witnesses is  
Begun.**

The damage suit of Thomas Derry vs. the Indianapolis & Greenfield Rapid Transit company was taken up in circuit court at 8:30 this morning. The case occupied the attention of the court all day and will probably not be finished until tomorrow evening.

About thirty witnesses and other people connected with the case came down from Greenfield this morning.

The case is being tried before a jury composed of the following named: Peter Johnson, Charles Kenner, Jefferson Churchill, Ed. Buscher, Nathan M. Brown, William Leisure, George W. Reeve, Eliza Powell, D. E. Barnard, Wesley Miller, John T. Boles and W. B. Crane.

Several witnesses were examined today. The attorneys in the case are: Marsh & Cook, Mason & Jackson, of Greenfield, Smith, Cambern & Smith, and Megee & Kiplinger, of this city, for the plaintiff and Binford & Walker, of Greenfield, W. A. Brown, of New Castle, and Watson, Titsworth & Green, of this city, for the defendant.

This trial will make the fourth time the case has been tried.

## LOSS BY FIRE ON THE DILLON FARM

**Fine Barn Burns to the Ground—  
Horse is Burned to  
Death.**

Fire of unknown origin, early Tuesday morning destroyed the fine barn on the farm of Dr. J. C. Dillon, near Occident, and caused a loss of near \$3000. The fire was discovered about 2 o'clock by a neighbor, who raised the alarm. The fire is supposed to have started from a spark blown from a hood near by, where brush had been burned the day before.

Along with the fire, a fine family driving horse, bay in color, was burned, a cab, buggies and harness and about eight tons of hay and considerable grain were consumed. The barn had a slate roof and was one of the finest in the county. It was insured for \$1000 in the Rush County Association.

**President is Snowbound.**  
Glenwood Springs, Col., April 26.—President Roosevelt's hunting trip has been crowned with success far beyond his expectation or those of the most sanguine of his guides. Three bears were killed by the party yesterday and two Monday, one by the president and one by Dr. Lambert. The party is almost snowbound in its present location and no attempt will be made to cross the divide. Fifteen feet of snow is on the ground on the other side, and any effort to reach Red Stone would be futile.

## BUENA VISTA OIL PROSPECTS

**The Precious Fluid Has Real-  
ly Been Found But in a  
Small Quantity.**

**Hopes of Paying Oil Further  
Down—Leases Being Extended,  
Stock Sales Stopped.**

Just as stated in this paper yesterday, signs of oil were found at Buena Vista when the well had reached the depth of somewhat less than 1000 feet. Friday evening at 1010 feet, drilling was suspended until Monday. Shortly before the drill was stopped the sand bucket was sent down and when it was brought up about a quart of pure crude oil had risen to the top, and there was probably as much more mingled with the water and mud that the bucket contained.

According to the Connersville News one of the drillers talked freely to Mr. Lon Masters, a prominent—Laurel township farmer, who owns a small amount of stock in the company. He said he had never seen a more flattering oil prospect in twenty years of active experience. He said that in drillers' parlance there were what was called first, second and third "pay." The first he said was seldom or never more than a forerunner of what might be looked for further down. The three oil seams might be from fifty feet to hundreds of feet apart, owing to formation, and that the oil found at Buena Vista gave flattering promise of a large paying flow further on. Some might say this was merely a "hunch" to sell more stock, but it is a significant fact that President Emsweller stopped the drill temporarily and then telephoned to agents to sell no more stock. At the same time A. J. Ross, attorney, of Andersonville, is quietly, but persistently extending leases.

Another fact may have a bearing on the situation. The Standard Oil company has men at Laurel buying and hauling timber. Two strangers were there Saturday and after consulting them, took a rig and drove into the hills toward Buena Vista. It could not be ascertained where they went.

Peter Hunsinger, a wealthy Laurel citizen is, it is said, ready to bear the main part of expense, if the company will drill the next well on his farm, east of Laurel.

The find at Buena Vista has already greatly aroused our neighbors to the south, and if more money were wanted for a test well it would be readily forthcoming.

## AN I. & C. CAR MAKES TEST TRIP

**Rushville Car Goes to Acton Park  
Over the Shelbyville  
Line.**

The Westinghouse men who are in this city making test trips on the I. C. traction line for the purpose of making improvements on the cars and other parts of the system, went out to the junction at 6 o'clock this morning in a special car and thence down to Acton park on the Shelbyville division. At the junction the trolley was changed from the alternating current to the direct current and car sped down the Shelbyville line and back without any trouble whatever. This is the second trip made by a Rushville car on the Shelbyville line. The other was made about a month ago and was equally as successful.

The local cars are equipped with A. C. motors, and the Shelbyville cars have D. C. motors. It is impossible to run a D. C. motor with an A. C. current; thus the Shelbyville cars cannot be operated on the Rushville division.

## HEIR TO DISEASE.

**Secretary Hurty of State Board  
of Health Makes a Startling  
Statement.**

"Flat dwellers are heirs to disease. Apartment houses are increasing the death rate."

This is the announcement made by Dr. Hurty, secretary of the State Board of Health in a bulletin just issued. Dr. Hurty has made an exhaustive study of the conditions that breed consumption, scarlet fever, smallpox and other communicable diseases.

In making his report on the conditions which breed these diseases he makes the statement that flats in the cities are the primary cause for the increase in the death rate from these causes and says he finds the majority of cases of consumption, smallpox and scarlet fever have been traced to dwellers in flats. In concluding his report and suggesting remedies for the evil Dr. Hurty says:

"What we need is to take up the subject of ventilation in our schools and teach it to our children as being a law they must observe. What we need is to quit living in apartment houses and cramped up quarters and get out into larger dwellings where we can get plenty of God's fresh air, and the thousand and one diseases of which consumption is the most prevailing, will be practically obliterated."

## LAUREL ROBBERS MAY BE FOUND

**By Tracing Ownership of Lost  
Revolver, it is Hoped to Estab-  
lish Identity of Owner.**

(Connersville Examiner)

The several business men of Laurel, whose stores were entered by robbers one night a week or so ago, have not given up the hope of finally capturing the guilty parties and landing them in the penitentiary.

On the night of the recent raid one of the robber, in jumping over a fence, evidently in a great hurry, dropped a revolver out of his pocket. This is the clue that is now being followed and which it is hoped will result in the detection of the guilty men.

The factory where the weapon was made has been communicated with and it was learned that a record of the numbers of all revolvers is kept at the factory, and that every one sold can thus be traced. This particular one was sold to the VanCamp Hardware company at Indianapolis. Who the Indianapolis firm disposed of the gun to has not yet been learned but they will be communicated with, and it is believed that by tracing the ownership of this gun that the identity of the man who had it in his possession on the night of the robbery will be established.

Laurel people have an idea who the guilty parties are, but they have little proof as yet that would stand in court. They are determined, however, to bring the parties in court if they can.

## HE WILL RECOVER

The Greenfield Tribune says: Harry Grigsby, the young man who made an attempt at suicide near Philadelphia Monday morning by shooting himself in the head will recover. Young Grigsby is about twenty-five years of age and left the home of his father, Richard Grigsby, at New Palestine Monday morning. He went to his brother's house, Isaac Grigsby, near Philadelphia, and borrowed the revolver with which he shot himself in the head. The bullet ranged downward into his throat and it was thought he would die. Drs. Heller and Larimore removed the bullet which was a very difficult operation.

No causes assigned for his attempting to take his life, but that of despondency. He was a quiet sort of a man and had little to do with anybody, even the members of his immediate family.

## WILL BE NO EARLY ACTION

**It is Now Believed Big Sea  
Fight Will be Delayed  
Some Time.**

**Nor Will Rojstvensky be Ready  
Until He Has His Desired  
Reinforcements.**

Saigon, April 26.—Nine warships, supposed to be Vice Admiral Nebogato's detachment of the second Pacific squadron, doubled Cape Bake last night. Cape Bake is about fifty miles northeast of Saigon.

St. Petersburg, April 26.—Admiralty circles are coming to accept the view that there will be no great or general action between the fleets of Russia and Japan for some time, basing their belief in strategic and tactical reasons which incline Admiral Togo to avoid a decisive action until he has made every effort to demoralize the Russian fleet by torpedo attacks and interference with transports by his cruiser division.

The admiralty scouts the reports that engagements have already occurred, pointing out the great distance separating the places where the dispatches originated. A naval staff captain declared that reports from English sources should not only be doubted, but even mistrusted.

This probability of a sortie by the Vladivostok squadron in an attempt to join Admiral Rojstvensky is discussed by a military weekly paper, which confirms the report that the three cruisers, Grombol, Rossia and Bogatyr, have been repaired and that Vladivostok harbor is free of ice, and comments on this accession of strength to Rojstvensky. The paper also intimates that there is a possibility that Vice Admiral Nebogato may await a second reinforcing squadron and expresses the opinion that Rojstvensky will now proceed as rapidly as possible to Vladivostok.

Word From Saigon.  
Saigon, Cochinchina, April 26.—It is reported that four Russian cruisers are lying off the coast.

## TOWN MARSHAL BADLY BEATEN

**James Troxell, of Knightstown,  
Suffered Awful Punishment  
Monday Night.**

James Troxell, the marshal of Knightstown, was assaulted and beaten in a terrible manner Monday evening by "Red" Bess, well-known as an oil and gas well shooter. Troxell was so badly injured that the has been under the care of a physician, and he may not be able to leave his home for some days.

The motive for the assault, it is alleged, lays in the fact that a grand jury indictment was returned against Charles Bess, a son of Red Bess, charging him with drunk, and Bess alleges that the marshal furnished the information. The senior Bess and Troxell have had words before and as the marshal passed him Monday evening, Bess arose from his seat and struck him a terrific blow knocking him down. Troxell's head struck the sidewalk and he was rendered unconscious for a short time during which the oil well shooter delivered blow after blow upon the head and face of his victim. After a most severe punishment, Bess desisted and the marshal sought the services of a doctor immediately upon regaining consciousness. Shortly after arriving at the physician's office he was taken violently sick at the stomach and so remained throughout the night.

Bess was placed under a \$250 cash bond for his appearance at the preliminary hearing. The affair occurred right in the heart of the town and was witnessed by a number of people, all of whom were greatly excited.

## CONFLICTS NEW LAWS

**They are Being Found Almost  
Daily Throughout the  
State.**

Conflicts in the new law are being found almost daily at different parts in the State. One of them is in regard to the penalty for selling tobacco to minors. Early in the session of the legislature a bill was passed fixing the penalty at a fine to which imprisonment might be added. Later, in the new criminal code, the penalty for the same offense was fixed at a fine and imprisonment. As the last law repealed all former ones, it is the one in force, and it will be necessary in the future to send violators of this law, on conviction, to jail for not less than ten days.

## MINISTERS WILL MEET AT CARTHAGE

**Brethren of Connersville District  
to Hold an Institute at  
M. E. Church.**

The ministers of the Connersville district will hold an institute at the M. E. church in Carthage May 15-17. This is perhaps one of the most important annual meetings of the district. The membership of the institute is thirty-five and all are expected to take some part in the deliberations. The Woman's Foreign Missionary Society of the same district will also hold an annual meeting there some time in October.

## FAST GAME TOMORROW

**Rushville Will Play the India-  
napolis Reserves.—The  
Lineup.**

Tomorrow afternoon at the South Main street grounds the Rushville League team will cross bats with the Indianapolis Reserves, the strongest semi-professional team in the State. Pat O'Brien and Fred Uhl who played with Rushville last year are members of this team. The Reserves bested Rushville in the game at Indianapolis last year by a score of 4 to 1.

"Babe" Conklin, formerly of the Greensburg Reds, is playing third base with the Reserves. A fast and close game may be expected. The game will be called at 2:30 sharp. The correct line-up is as follows:

Rushville—McCord p. Morgan p. Wagner 1b, Cullen 2b, Carter ss, Herold 3b, Taylor lf, Stubblefield cf, Kiser rf.

Reserves—Roder, Hollingsworth or Lesh p. Dooley or Massing c. Uhl 1b, O'Brien 2b, Wolf ss Conklin 3b, White lf, Barnes cf, Pierce rf.

The Reserves have about the prettiest uniforms of any team in the State. The team is managed by Andy Reinhart, of Indianapolis.

## SOMETHING DOING.

High society in Shelbyville must evidently be wondering a great deal over the following which appears in the Shelbyville Liberal:

"And now comes rumors thick and fast of a sensation that promises to make the Trees bunco game look like an infant in the cradle. However, this sensation will be in the way of a scandal and high life will be greatly touched.—It is said that that unlucky day, Friday, will figure prominently. Friday, March 3d, is freely discussed, and Friday, April 7th, the match was touched to the fire that is slowly burning, which promises to explode the 'charges' that will shake this city from end to end."

## INFLUENZA IS CHIEF MALADY

**Pneumonia's Death Harvest  
Was Not Equal to That of  
Last Year.**

**Many Victims During March—  
Other Interesting Statistics  
Compiled by Health Board.**

The monthly bulletin of the State board of health issued recently in regard to disease and death in Indiana during March says:

The most prevalent disease in the month was influenza. In the corresponding month last year pneumonia was the most prevalent, whereas this month it stands fifth. Rheumatism stands second, followed by tonsillitis, bronchitis, pneumonia, scarlet fever, diarrhoea, typhoid fever, smallpox diphtheria, puerperal fever, whooping cough, measles in the order named. Two hundred and fifty-one cases of smallpox were reported from 29 counties, with one death. In the corresponding month last year 231 cases in 41 counties with 3 deaths. Typhoid fever, 197 cases with 30 deaths in 37 counties. In the corresponding month last year 288 cases with 55 deaths in 40 counties.

Tuberculosis caused 476 deaths, 173 males and 303 females. Of the females, 104 were married and between the ages of 18 and 40, and they left 208 orphans under 12 years of age. Of the males 34 were married, between the ages of 18 and 40, and left 71 orphans under 12 years of age. Three hundred and seventy-seven homes were invaded and 78 widows and 201 widowers made by the disease. The disease is slowly increasing, and while it makes one shudder to think of the awful monthly destruction, it makes one feel badly that the people are not more interested in the great economy of stopping this preventable disease.

Pneumonia caused 599 deaths, 311 males and 288 females. In the corresponding month last year there were 758 deaths from pneumonia. We therefore have an improvement to record. Accidents caused 149 deaths. Of this number 120 were males and 29 females. There were two murders and 35 suicides, the remainder of these violence deaths being accidents. Of the suicides, 10 men chose shooting, 3 hanging, 3 carbolic acid, 3 morphine and 3 other poisons. Railroad accidents caused 27 deaths, street cars and interurbans 2, burns and scalds 8, seven of them being women. Fractures of the skull and of the bone caused 12 deaths, gun shots 6, electricity 2, dynamite 2, poisons 3, coal mines 9, drowning 4, and the remainder by various means.

Deaths—Total number of deaths, 3556, rate 162. In the corresponding month last year, 3860, rate 18.1. Five hundred and eight of the deaths or 16 per cent, were of children under one year of age, and 1028, or 28 per cent, were over 65. We, therefore, have to credit extremes of life with 48 per cent of all deaths. Consumption caused 476, typhoid fever 30, diphtheria 25, scarlet fever 16, whooping cough 15, pneumonia 599, cerebro-spina meningitis 45, influenza 145, puerperal fever 12, cancer 107, smallpox 1. The city rate was 18, and the country death rate 15.2.

## THE WEATHER.

RUSHVILLE, IND. APRIL 26, 1905.

Although the production of eggs  
in the United States exceeds in value  
that of anthracite coal, no trust has  
yet attempted to convert the indefatigable  
hen into an octopus.

With one stroke of the pen the other  
day the capitalization of the Northern  
Securities company was reduced from  
\$395,000,000 to \$33,900,000, and nobody  
seems to be a cent the poorer.

The Alaskan boundary between the  
United States and Canada has been  
fixed on the mountain peaks ten  
leagues from the coast, and engineers  
can work in marking them during  
only three months a year. It will take  
six years to complete the survey,  
which has practically the features of  
Arctic exploration, intensified by deal-  
ing with fifty or sixty mountain sum-  
mits from 6000 to 18,000 feet high.

Never in the history of naval war-  
fare did the fortunes of a country de-  
pend so absolutely upon a single man  
as do those of the Russian empire upon  
Rojestvensky and the fleet which he  
has taken to the China sea. Strateg-  
ically considered, the present satire of  
the Russo-Japanese war is critical and  
dramatic to the highest degree. Both  
by sea and by land the Russian forces  
have been subjected to an unbroken  
series of disastrous defeats. Save for  
a pitiful remnant of three badly bat-  
tered ships at Vladivostok, the once  
powerful Pacific fleet of Russia has  
ceased to exist. Her great armies,  
gathered from all corners of her em-  
pire, commanded by her picked gener-  
als, lavishly equipped with the best  
implements of modern warfare, have  
suffered three overwhelming defeats  
and the shattered remnant is being  
driven back steadily before the resis-  
tless wave of the Japanese invasion.

And now, at the eleventh hour, when  
the whole world, friends and foes  
alike is telling Russia that the game  
is lost, she launches into the very  
heart of the conflict her last despair-  
ing forlorn hope in the person of Ad-  
miral Rojestvensky with his travel-  
worn fleet. The fleet is steaming di-  
rectly along the frequented trade  
routes, with no effort at concealment,  
and with an evident determination to  
seek out the thrice-victorious Togo and  
try conclusions in a desperate fight to  
a finish. The whole world must join  
in giving the Russian admiral his full  
meed of praise for steaming straight  
for his powerful enemy at the close of  
his 17,000-mile voyage which is no  
small accomplishment in itself. The  
task before him is truly appalling.  
With half a hemisphere between him  
and a home port; with a veteran and  
tried fleet of the enemy guarding the  
only avenues of approach to the one  
remaining Russian port far to the  
north; with no friendly harbor near  
at hand to which he can retire to re-  
cover from the stress of a hard-earned  
victory, or shelter after a disastrous  
defeat; it must be admitted that what  
Rojestvensky has done, and is aiming  
to do, has been well done, and is  
being attempted in a manner truly  
heroic. An important and momen-  
tous naval battle is imminent at any  
moment. Should Japan win, she will  
reap the fruits of a series of victories  
that is without parallel in the history  
of the world. Should Rojestvensky,  
by crushing the enemy, obtain com-  
mand of the seas, and cut off Oyama  
and his armies from Japan, he will  
have wrested victory from defeat and  
saved to Russia an empire that has  
all but fallen from her grasp.

PREPARING THE WAY  
New Asylum Commission Looking  
About a Bit.

Indianapolis, Ind., April 26.—Gov-  
ernor Hanly left last night for Logans-  
port to join the members of the com-  
mission appointed to locate and super-  
intend the erection of the South-  
eastern Indiana hospital for the in-  
sane. They inspected the Northern  
Indiana hospital at Longfellow near  
Logansport today. They will visit  
the Eastern Indiana hospital at Rich-  
mond Thursday. The commission will  
meet at the governor's office May 3  
to hear from delegations represent-  
ing the cities that are trying to locate  
the new institution. Large dele-  
gations will come from Columbus, Sey-

mour, North Vernon, Madison and  
Bedford. After hearing them the gov-  
ernor and the commission will visit  
all the sites that are offered. It is  
probable that one will be selected  
within the next six weeks. The law  
providing for the hospital specifies  
that it shall be located where the rail-  
road facilities are best and where  
sanitary conditions are good. It is  
believed that either Columbus or  
Seymour will get it. The statement  
is made at the governor's office that  
politics will cut no figure in selecting  
a site.

If the anti-cigarette law is rigidly  
enforced it may widen the breach be-  
tween the state administrations of  
Kentucky and Indiana which have not  
been on friendly terms since the re-  
fusal of the late Governor Mount to  
honor a requisition for the fugitives  
Taylor and Finley. Instructions have  
been issued at Jeffersonville, New  
Albany and other Ohio river cities  
for the arrest of all cigarette smokers  
whether or not they are native born  
Hoosiers who are supposed to keep  
in touch with their own laws. A Louis-  
ville man has been arrested at Jeffer-  
sonville for smoking a cigarette and  
ordered to appear in court there  
Thursday morning to answer to the  
charge of violating the new law. Specu-  
lation is now rife as to whether or  
not a requisition will be necessary  
to get him back into this state and  
whether or not Governor Beckham  
would honor it. Governor Hanly be-  
lieves that the anti-cigarette law for-  
bids smoking and he intends to en-  
force it as broadly as possible if the  
supreme court holds it constitutional,  
but it is not known what views are  
held by the governors of adjoining  
states who may be asked to turn over  
their own constituents who have been  
caught smoking across the Indiana  
line.

The race for congress in the First  
district promises to warm up in fine  
style during the next few weeks. Major  
G. V. Menzies has been notified of  
his nomination by several hundred  
Democrats who came from all parts  
of the district for that purpose. His  
ability as a campaigner is well known  
throughout the state and Democratic  
leaders are counting on him making  
a fine showing. The First was a Dem-  
ocratic district before Mr. Hemenway  
became a candidate for congress. He  
is just as anxious as ever to have it  
go Republican, but the Republican  
campaign will be minus the influence  
of his personality as a candidate.  
Major Menzies is said to have a great  
following among the Republicans of  
the district. If he can get their votes  
and his own party stands by him he  
may have a show in spite of the big  
majority rolled up by the Republicans  
last year. The result of the election  
will at least furnish an interesting  
comparison as it will show whether  
or not the Republicans can keep up  
the landslide pace that marked the  
close of their campaign last Novem-  
ber. Major Menzies and Judge Foster,  
the Republican candidate, expect to  
make a tour of the district.

The effort of the government to  
stamp out the lottery business in In-  
diana is causing consternation among  
the agents and thousands of devotees  
of the game. The state and local  
authorities have been unable to cope  
with them successfully but now that  
the federal government is taking a  
hand the result may be different. The  
United States marshalls here have  
arrested four agents and will go after  
more as rapidly as they find them.  
The charge against the agents is vi-  
olation of the interstate commerce law.  
There is much curiosity as to the out-  
come of the preliminary hearings.  
Thousands of holders of tickets are  
trying to get form sheets to see  
whether or not they have won any-  
thing on last month's investment, but  
these sheets have been confiscated  
here. It is difficult to estimate the  
number of people who buy lottery  
tickets, but it is said here that some  
of the agents have done an immense  
business. Hundreds of men and wo-  
men who proclaim loudly against all  
forms of gambling buy lottery tickets  
on the quiet and are much disturbed  
by the prospect of the federal gov-  
ernment interrupting their gambling.

Train Plunged Into River.  
Hinton, W. Va., April 26.—A passen-  
ger train struck a tree at Cass on the  
Greenbrier division last night, and the  
entire train was thrown into the river  
thirty feet below. The train consisted  
of an engine, combination coach and  
day coach, all of which were destroyed.  
The engineer and fireman were badly  
injured and six passengers were  
slightly hurt.

Hanged With a Halter.  
Covington, Ind., April 26.—An in-  
mate of the county poor asylum, John  
Sample, aged fifty-four years, com-  
mitted suicide by hanging himself  
with a cow halter in a granary of the  
barn.

Senator Platt's Funeral.  
Washington, Conn., April 26.—The  
funeral of United States Senator Or-  
ville H. Platt took place at the Con-  
gregational church yesterday after-  
noon, and fully a thousand persons  
attended it. Congressional and legis-  
lative delegations headed by Vice  
President Charles W. Fairbanks, as  
the personal representative of Presi-  
dent Roosevelt, and Governor Henry  
Roberts were present.

Fell Through a Skylight.  
New York, April 26.—Miss Gerald-  
ine Boardman, daughter of Albert B.  
Boardman, counsel to the New York  
Rapid Transit company, was instantly  
killed yesterday by falling through a  
skylight in a hotel at Florence, Italy.

INCIDENT CLOSED

Milwaukee Banks Will Not  
Suffer From Bigelow's  
Defalcation.

PERFECTLY SOLVENT

Bank Whose President Admits Steal-  
ing More Than a Million Is Not  
Placed in Jeopardy.

Able to Cope With a Long Run and  
Come Out With Its Credit  
Unimpaired.

Milwaukee, April 26.—Confidence  
has again been restored in the bank-  
ing institutions of Milwaukee, and the  
run on the First National bank and  
the Milwaukee Trust company which  
was caused by the defalcation of  
Frank G. Bigelow, until Monday presi-  
dent of the First National bank, of  
over \$1,000,000, is a thing of the past  
and banking affairs in Milwaukee  
have resumed their normal condition.

While the two banks affected are  
entirely separate institutions, the fact  
that they occupy adjoining buildings  
and that some of the First National  
bank's officers direct the affairs of the  
Milwaukee Trust company, caused  
many of the depositors to believe that  
one was a part of the other.

Before the hour for opening the  
banks had arrived, a meeting of the  
Milwaukee Clearinghouse association  
was held and a committee of that in-  
stitution, after examining the assets  
and collateral of the First National  
bank, issued a reassuring report.  
This report was printed in large type  
on placards and pasted on the win-  
dows of the First National bank, and  
also displayed in store windows. Fol-  
lowing this was a statement issued by  
the board of directors of the First  
National bank announcing with abso-  
lute positiveness that the bank was  
perfectly solvent.

And on top of this came word from  
the board of directors of the Milwau-  
kee chamber of commerce announcing  
its decision not to withdraw its cur-  
rent expense fund from the First Na-  
tional. All of these statements had  
a reassuring effect on depositors as  
to the stability of the bank.

The banks affected were able to  
cope with a long run, but it was de-  
cided by all the banks in the city to  
take advantage of the law on time de-  
posits requiring a notice of thirty days  
of withdrawal on amounts less than  
\$100 and ninety days where the  
amounts exceeded that sum. As rap-  
idly as the depositors appeared at the  
wiketts of the savings departments of  
the affected institutions their pass-  
books were stamped acknowledging  
the notice of withdrawal, and the de-  
positors took their departure. It only  
required about two hours to dispose  
of the line of depositors.

No trace has been found of Henry  
G. Goll, the missing assistant cashier  
of the First National bank.

TURKS WORRIED  
The Sultan Is Likely to Lose One of  
His Provinces.

London, April 26.—A dispatch from  
Oden says the situation in Turkish  
Arabia has become critical. It trans-  
pires that only a thousand of the  
Turkish troops sent to the relief of  
Riza Pasha reached Sanaa, and these  
fled thither after sustaining a defeat  
at the hands of the insurgents. Riza  
Pasha's troops, 6,000 strong, encoun-  
tered the Arabs in great force five  
miles south of Sanaa, and after a  
sharp encounter most of the troops,  
consisting of Syrian reserves, laid  
down their arms or deserted, the re-  
mnan of the Turks managing to reach  
Sanaa with only fifty camel loads of  
supplies.

The Chief of Staff Izzat Pasha, was  
killed, and seven guns were abandon-  
ed and taken possession of by the  
Arabs, who also captured two camel  
loads of provisions and large quanti-  
ties of rifles and ammunition. The  
investment of Sanaa by the insurgents  
is being tightened. The Syrian rein-  
forcements, which recently arrived  
in Arabia, are unsatisfactory and the  
Ottoman officials are anxiously await-  
ing the arrival of European battalions,  
upon whom the fate of the capital of  
Yemen province depends.

President in Dictatorial Role.  
San Francisco, April 26.—Passen-  
gers who have arrived from Guatema-  
la declare that a veritable reign of  
terror exists in that country. Presi-  
dent Cabrera rules as an absolute  
monarch and speech is limited and  
the press is under censorship. It is  
declared that a revolution which is  
already organized will cover the coun-  
try with blood and jeopardize foreign  
interests.

Miller Case Nearing the End.  
Bloomington, Ind., April 26.—The  
defense in the impeachment trial of  
Robert G. Miller, prosecuting attorney,  
closed yesterday. The state then sub-  
mitted rebuttal testimony and John R.  
East began late in the afternoon to  
make the first argument for the state.

Top-Heavy Liabilities.  
New York, April 26.—A petition in  
bankruptcy has been filed by Louis  
Brandt and John Brandt, trading as  
L. and J. Brandt, builders and archi-  
tects. The liabilities are given as  
\$1,118,001 and assets \$33,345.

THE FINAL WORD  
Taft Says There Will Be No Discrim-  
ination in Rates in Panama.

Washington, April 26.—Secretary  
Taft has made a decision of the great-  
est importance to railroad interests  
respecting the policy of the govern-  
ment relative to the existing monopoly  
of traffic across the isthmus of Pana-  
ma and the fixing of rates over the  
Panama railroad as bearing on the ex-  
isting rates on trans-continental traffic.  
The publication of several  
interviews recently with the secre-  
tary himself, with President Shontz  
of the canal commission and with  
Chief Engineer Wallace, has led to  
much confusion in the public mind  
on these subjects and the secretary  
concluded to publish a letter he has  
just written as the best way of mak-  
ing known his own views and pur-  
poses. In this letter he makes it plain  
that there is to be no discrimination  
whatever as between the several  
steamship companies in handling  
their business across the isthmus;  
that he does not anticipate any con-  
siderable effect upon the trans-con-  
tinental traffic arrangement of Panama  
railroad rates, but that this readjust-  
ment will be had regardless of such  
effects.

RAMSEY IS OUT  
George Gould Will Be Elected Presi-  
dent of the Wabash.

St. Louis, April 26.—The announce-  
ment was made here last night that  
at a meeting of the board of directors  
of the Wabash railroad in New York  
E. A. Delano, recently elected presi-  
dent of the Wabash, Pittsburg Ter-  
minal Railroad company, was elected  
vice president of the Wabash railroad  
in full charge of the property. Mr.  
Delano will assume charge on May 1.  
He has appointed Henry Miller, now  
general superintendent of the Burling-  
ton lines in Missouri, as general man-  
ager of the Wabash system, the ap-  
pointment being effective May 1.

The board of directors adjourned  
until Thursday, when it is expected  
George J. Gould will be elected presi-  
dent of the Wabash Railroad compa-  
ny. The retirement of Joseph Ram-  
sey, jr., from the presidency has been  
expected in railroad circles here for  
some time.

Opinion Undergoes a Change.  
New York, April 26.—Perhaps the  
most interesting development in the  
testimony thus far in the trial of Nan  
Patterson, charged with the murder

ner's Physician O'Hanlon took the  
witness stand for the prosecution and  
said in reply to questions that he had

committed suicide.

Meaning of the Alliance.  
New York, April 26.—At the dinner  
of the Society of St. George last night  
Baron Kaneko, the Japanese diplomat,  
aroused enthusiasm among the diners  
by his response to the toast: "The  
Anglo-Japanese Alliance." He de-  
clared that he believed that the alli-  
ance, which has until 1907 to run, will  
be continued. "The continuation of  
the alliance," he declared, "would  
mean that France can remain in  
peaceful possession of her holdings in  
Asia; that Germany can remain un-  
molested in the peninsula of Canton;  
and that Russia will be left unmolest-  
ed in her proper bounds of Siberia."

## Sunday School Department

E. F. HUNGERFORD, Editor.

County Convention at Rushville May 27th.

The convention held at Richland last Sunday afternoon was well attended. A series of Bible readings on Work, was arranged by township president A. T. Harrison and slips having the scriptural reference, were given to several and were read and commented on by them. Rev. J. L. Brown gave an excellent talk on Solomon Chapter I, verse 8, that was interesting and practical. Rev. F. W. Schmunk of Milroy, gave a good talk as he always does. Several others spoke that we did not get their names. The program was different from any that have ever been given here, and it had this in its favor allowing several to take part, that is always better than to have all the talking done by one or two. The following officers were

elected: President Mr. A. T. Harrison; vice president, Philander Laforge; secretary and treasurer, Mrs. Samuel Cowan; superintendent primary department, Miss Dora McKay; Superintendent of home department, Miss Sally Terhune; Superintendent teachers training department, Miss Annie Stewart. Splendid interest was shown in this meeting and an offering was taken up of \$2.45 which was very good. Solos were sung by Mr. McKay and Mrs. Keisling.

The M. E. Sunday school in Richland is doing good work under the leadership of Mr. L. W. Keisling.

Miss Helen Jerald's birthday occurred on Easter Sunday and it will be many years before it will occur on Easter again.

Uncle William Summerville at-

tended communion services at Spring Hill last Sunday it being his 85th birthday.

W. E. ROTH, pres.

C. B. LAND, sec'y.

The attendance at the Christian school, Rushville last Sunday was the largest in the history of the school, being 362; the offering was \$15.00.

The M. E. school, Rushville, had special Easter services in the afternoon at the regular hour for the Sunday school; the service was very fine; the house was filled to its utmost capacity and many stood up during the service; all were well pleased with it.

The school at Gowdy will be held at 9:30 Sunday morning April 30 in order to give all a chance to attend the convention at Moscow.

REAL PURPOSE OF SUNDAY SCHOOLS.

Sunday schools were founded about the close of the year 1781 by Robert Raikes, a printer, in a province of England.

Seeing a group of ragged and neglected children on the streets playing, he gathered them in on the Sabbath day for the purpose of improving their manners and moral training of the mind. Such was the origin of Sunday school.

Froebel, late of Germany, said, "Give me the first seven years of child life and I will determine its future." Well may he, for in these tender years the foundation for character is laid for time and eternity.

The Sunday school is said to be the garden of the church, from which the children are transplanted into the kingdom of God—a real religious training school. This statement is sustained and supported by the living testimony of many young people and others who date their earliest religious impressions to the teaching and instructions received in the Sunday school. This alone is a strong factor in support of the advantage of the early religious training of the children.

Again, that the founder of the Sunday school in the beginning had a real purpose in view cannot be questioned as its results are admitted by all, as the Sunday school of today, properly conducted, is a power for good in the land. Its hallowing influence is felt everywhere in society, in the home, on the highway, and in the church at large, extending its issues into eternity.

With these impressive reflections, what an inspiration to those that work in the Sunday school, and keep in mind that the real purpose of the Sunday school is for moral education and salvation of the children, and for the glory of God.

God abundantly bless the Sabbath school in all its departments of work here and in every land and nation, and bring many of its warm friends to heaven at last. Then will the true purpose of the Sabbath school be joyfully realized.

NEW LIGHT ON IT

Revised Figures Are Given on the Battle of Mukden.

Gunshu Pass, April 26.—An exact statement of the losses in all categories in the battle of Mukden from Feb. 19 to March 14, compiled by the general staff, shows that the casualties were greatly overstated in earlier reports. Statements from Japanese sources indicating wholesale captures of prisoners, enormous booty and cannon, are now denied. In reality it appears the Russian losses amounted to two generals who were captured, 1,985 staff and other officers and 87,677 men, of whom the greatest part, about 55,000 were wounded. In evacuating Mukden and retreating to the northward the Russians lost thirty-two guns, of which three were mortars, three old type field guns with piston action, and twenty-six quick-firing guns. Of the siege artillery every gun and all the ammunition carts were sent north two days before the retreat began. General Karkevitch, chief of staff, calculates that other losses aside from wounded were as follows: 15,000 killed, 7,000 to 8,000 known to have been captured and 10,000 to 12,000 missing, of whom several thousand were drivers, sanitary and commissariat corps employees and other noncombatants. A very large number were slightly wounded and returned to the ranks, many even resorting to deception in order to leave the hospitals.

This would indicate that the extent of the Japanese victory and the disorder of the Russian retreat have been exaggerated and that the spirit of the Russian army is still strong and the troops not demoralized.

## INTERESTING POINT

Can Kentuckians Bring Cigarettes Into Indiana and Smoke Them?

### COURT WILL DECIDE IT

A Case at Jeffersonville Raises a New Issue in the Much Mooted New Law.

Kentuckian Came Across the River, Smoked a "Coffin Nail" and Was Arrested.

Jeffersonville, Ind., April 26.—Judge Abram Schwaninger has under consideration an interesting case under the new cigarette law. James Gales was arrested by Captain Clegg for smoking, a charge of "owning cigarettes" being preferred against him. He had other cigarettes and the "makings" in his pocket, and pleaded guilty to the charge. The judge, who said a few days ago that "the more he studied the law the more he didn't understand it" took the matter under advisement till Thursday morning, till when smoking cigarettes will be a risky pastime. That this last statement is true was proved when Patrolman Summers made the point that Indiana laws must be obeyed by everybody here, whether he is a Hoosier or not. Seeing a Louisville man smoking a cigarette he arrested him on the charge of making the tobacco cigarette. He was notified to appear in court Thursday morning, so that his case may be dealt with when Judge Schwaninger decides the Gales case.

### PLEA OF NOT GUILTY ENTERED

Virgil Wilson Remanded to Jail Pending Preliminary Trial.

Bedford, Ind., April 26.—Virgil Wilson, accused of attempting to murder and rob Silas Guthrie, an aged farmer, at his home near this city, last Thursday evening, was arraigned before Squire Harris and upon entering a plea of not guilty, he was remanded for preliminary trial until the 27th inst. It is said that Wilson prefers confinement in jail to furnishing a bond, fearing violence from the friends of Mr. Guthrie. The last-named is positive in his identification of Wilson, whom he says he has known from boyhood. Wilson is one of a number of brothers, two of whom were killed in an attempt at robbery at Tunnelton twenty-odd years ago. The contemplated robbery was "piped off" by one of the gang, and a posse lay in wait, and in the battle two Wilson boys and one of their companions were killed.

### QUIETING DOWN

Texas Rangers Are in Charge of Disturbed Town.

Hempstead, Tex., April 26.—As a result of the bloody battle here Monday night, when four men were killed and others were wounded, Hempstead is today under the control of the Texas rangers. Martial law has not been declared, but Adjutant General Hullin arrived last night with a number of rangers and assumed charge of affairs. No one is permitted to bear arms, and the excitement has quieted down somewhat.

Rolan Brown, the son of one of the men killed at the prohibition mass meeting Monday night, was placed under arrest and it is said practically admits that he fired the shot which killed Representative John M. Pinckney. He stated that his father was under the influence of intoxicants when he attended the meeting, and that he (the son) attempted to dissuade him from attending. His father was firm, however, in his intention, and went to the meeting. The son followed and took part in the shooting.

It has been established that the trouble began when Captain Brown attempted to secure recognition to speak at the meeting. It is said that his language was offensive to several ladies present, and the fusillade began immediately afterward. Congressman Pinckney was shot four times and was almost instantly killed. Thomas Pinckney, a brother of the congressman, was shot twice in the back and killed, and Captain Brown received a bullet through the heart. John E. Mills, the remaining victim, took no part in the affair and was accidentally killed by a stray bullet.

The killings are the direct result of a prohibition movement in Waller county which was begun some years ago, and the feeling has been intense. An election was held in Waller county April 20th and the prohibitionists, with whom the Pinckneys were affiliated, were successful. The Prohibition League was called together Monday night to wind up its affairs and disband. A resolution requesting the governor of Texas to send troops to Waller county for the purpose of enforcing the law against liquor sellers was excitedly debated. It was at this juncture that Captain H. M. Brown, who had figured prominently as an anti-prohibitionist, sought to have the chairman recognize him, and shortly afterward the firing began.

## A Trip That Pays

Don't miss it! Tuesday, May 2nd. We mean the trip to Morton Co., N. D.

You leave Rushville at 10:45 a. m. Arrive in Chicago at 5:55 p. m. Leaves 10:30 p. m. over Chicago & Northwestern Ry. and arrives in St. Paul Wednesday morning.

Here you spend the day seeing people do business on a scale equalled as no other place on earth.

Here are 22 Flour Mills that grind Sixteen Million barrels of flour and Sawmills that cut Five Hundred Million feet of lumber, yearly.

Here you see great St. Anthony Falls that generates no less than 40,000 horse-power.

At 10 p. m. you take the Northern Pacific Ry. for Mandan and Richardson, N. D.

During the morning of May 4th, you pass through the Southern part of the State, cross the Missouri river at Bismarck, arriving at Mandan, the county seat of Morton county, at 9:30 a. m.

Here you find a hustling up-to-date town of 3500 people, high school buildings, churches, stores, etc., that are a credit to any town. The First National Bank has \$538,000 in deposits, and does a business accordingly.

Here you find the office of Wm. H. Brown Co., and where you will find men and teams waiting to show you over as fine rolling prairie lands as was ever seen, and as deep black soil as can be found in Rush county.

And best of all, you can take your choice at only \$10 to \$12.50 per acre.

The round trip ticket to Mandan costs \$36.20 and is credited on purchase of land if you buy, which you will be sure to if you see these lands.

As Saturday is the last day on which mortgage exemptions may be filed, County Auditor Winship will keep his office open on that day until 9 p. m., so that working men may have an opportunity of entering exemptions. The mortgage exemptions are now coming in very fast.

Michael Gehring, a laborer of Cambridge City, while working on the new I. O. O. F. building at German-town, placing a stone foundation, was caught by a cavein, burying him from sight. He was dug out in time to save his life, with a broken collar bone and minor internal hurts.

Greensburg News: Will Chapman has accepted a position with the Spiegel-Thomas Co., at Rushville, and left for there today. Will has found out that yielding to a weakness has interfered with his business aspirations, and has cut it out. He will make good in his business if he stands pat on his resolutions.

James Carter and John Spivey with a Mr. Meyers, of Shelbyville, are at Camp Curry in the Yosemite Valley. About May 1st they expect to erect a tent and remain at the camp for the summer. Some weeks ago they had snow out in that part of the country and it was the first snow some of the boys had seen for a year.

Greensburg News, Tuesday: Attorney John E. Osborne went to Rushville this morning to ask a change of venue in the suit of Kelso vs. Kelso, for damages. The defendant is the wife of one of the county commissioners of Rush county, and for this reason the plaintiff is asking that the case be venue to another county.

The police desire us to state that the ordinance which prohibits base ball playing in the streets will be strictly enforced hereafter. The boys are warned to discontinue this practice. All who are found guilty of violating the law in the future will be fined not more than \$10 and of less than \$5 with an imprisonment accompanying each fine.

Isaac T. Sanders, of Center township, is suffering from a broken collar bone, received while unhitching a horse at Center church last Sunday evening. While Mr. Sanders was working with the animal's head, the horse lunged forward. The end of the shaft struck Mr. Sanders and knocked him backward, snapping the bone.

The meeting of the Eastern Indiana Dental Association will be held at Greentield May 3d and 4th. Greentield is the old home of James Whitcomb Riley, and members of the association who attend the meeting will be shown the principal points of interest connected with the writings of the Hoosier poet. Last year's session of the association was held in Richmond.

Safe blowers are again at work in Shelby county and are tapping the safes in the small postoffices in the villages of the county. Recently the safe in the store of Marshall & Yager at Blue River was blown, and now comes the report that some time Monday night the safe in the store of Bruce Winn at Mt. Auburn was blown open and about \$65 taken.

According to the movement contemplated by the saloon keepers at Connersville little business will be transacted there on Sunday. The proprietors of the twenty-four saloons there held a meeting Monday night and, after forming an association, decided to take action toward having the law enforced against all other lines of business that have been conducted on Sunday.

Mrs. Emily Coleman has received word from her daughter Miss Effie Coleman, who for several years has been teaching in the Philippine Islands that she left Manila April 11th, and had taken the steamer "Siberia," for San Francisco, where she expects to arrive May 13th. She will probably reach her home here about a week later. She is in company with Mrs. Smith, the wife of General Smith. Miss Coleman has been given \$1000 raised by the students at the school where she has been teaching for the purpose of starting a library. Miss Coleman has been requested to expend the money in purchasing the first installment of books, which she will buy while here. She will remain at her home in this city about ten weeks.

## RAILROAD NOTES

The Big Four will run an out-of-town excursion on Sunday, April 30th to Marion, Ind., and intermediate points. One fare will be charged for the round trip and the train will leave Rushville at 10 a. m.

Thirty-two new engines have been ordered turned over to the Pennsylvania lines west of Pittsburgh, is the cheering news which has come to local Panhandle headquarters. The new engines are to be put into service as soon as they can be gotten ready. Fifteen of the thirty are to be heavy freight engines. This is in addition to the fifteen big Atlantic type passenger engines which were assigned to these lines a short time ago.

Some people find fault for the purpose of getting a chance to expound their own views.

## AMUSEMENTS

The Miles Berry Stock company an excellent popular priced attraction will open a solid week's engagement in this city, commencing Monday, May 1st. The company is headed by Mr. Burleigh Cash, a clever leading man, and Miss Elizabeth Gillam, an emotional actress. These two principals are supported by a strong cast of metropolitan players which is an assurance to the theater patrons of this city that a rare treat is offered them during the engagement of this company, and it is safe to say that the opera house will be taxed to its utmost capacity each and every performance. Their initial bill will be the beautiful comedy-drama, "A Fight for Honor." Don't forget that ladies will be admitted free Monday night if accompanied by an escort holding one paid 30 cent ticket, purchased before six p. m. on opening date.

## CHURCH NEWS

### FIRST PRESBYTERIAN CHURCH.

—The Westminster Training class met last night with Rev. and Mrs. McConnell at the parsonage. The class has now begun a study of the time from Adam to Moses, and last night's lesson was devoted to the first of that period.

—A committee meeting of the Ladies Missionary society was held with Mrs. Ong yesterday evening.

### ST. PAUL'S M. E. CHURCH.

—Yesterday afternoon the Ladies Aid Society met at the home of Mrs. John Megee on North Harrison street. Mrs. Megee and Mrs. Albert Miller were the hostesses, and were responsible for a most enjoyable afternoon.

Covers were laid for about thirty at the one course luncheon. After the meeting adjourned the Ladies Missionary Society had a committee meeting to transact some business.

### UNITED PRESBYTERIAN CHURCH.

—Last night the Aid Society gave a "Silver Anniversary Social" at the church. An interesting program was given. Prof. Craig sang a very pretty solo, accompanied by Miss Florence Frazee at the piano. T. M. Green, A. C. Brown, W. J. Waite and Rev. McGarey gave talks on the history and growth of the church during its first 25 years. The affair was in every way a success. There were probably twenty-five present, and a free-will silver offering of \$75 was taken.
